

IS THERE HOPE?

The hopelessness of an orphan's life reaches crisis proportions at age 16. No longer eligible to live in the orphanage, they are released into society, with no strong support network around them they become easy prey for predators waiting to sweep them into a life of forced prostitution or crime. Most are not ready for an independent life.

Aggravated by a host of psychological problems, an absence of any marketable work related skills or ability to make wise choices, all in a very threatening environment, is the reason only 10% ever succeed achieving any kind of productive lifestyle. Yet these children are expected to success-

Our Vision

To see helpless and destitute orphans equipped and able to live balanced and disciplined lives. To see them under the care of loving homes and communities. To give orphans every possible advantage to grow in an environment that empowers them to become the national leaders of tomorrow.

Our Mission

To mobilize individuals, organizations and governments to provide the needed care for orphans through orphan's rights advocacy, national transition homes and foster care, education and humanitarian help.

Who We Are

Ukraine's 100,000 orphans are destined for a bleak future.

Within the next 2-3 years these young orphan girls will be forced to leave the orphanage.

- 40% go to prison
- 40% develop lifelong mental disabilities
- 10% commit suicide
- 10% adapt to life
- 65%-70% of the girls will become manipulated/trapped into the international sex trade or organized crime.

The Love Cradle Mission seeks to restore the unique design and imprint of God's image and purposes for each child, all within the context of a loving home and community.

This is really what represents the best hope for the future of Ukraine.

TLCM is a BRIDGE of HOPE that transports orphans from the destructive environment of the orphanages to a PATHWAY of MEANING and PURPOSE.

What We Do

- **Orphan Humanitarian care programs**
Supplying warm winter clothing and personal needs items.
- **Advocacy/Consulting/Law**
TLCM advocates for orphans rights as well as helping individuals/families in their personal orphan ministry journey. (Includes counsel and information in regard to Ukrainian law, customs and family/children's rights.)
- **Foster care & Transition homes**
TLCM works to develop and support foster care and transition homes in Ukraine.
- **Mission/Discovery teams**
TLCM organizes mission/discovery teams that travel to Ukraine to provide care and hands on needed help to orphan children.
- **Hosting programs "Rainbow of Hope"**
TLCM along with individuals, families and communities facilitate bringing orphaned children to North America for a holiday of care and cultural enrichment.

How To Get Involved

TLCM has been very blessed with support and partnerships from individuals and organizations in North America and Europe, as well as local churches in Ukraine and throughout Eastern Europe. The diversity of this ministry allows many people an opportunity to share their skills, gifting and love with orphan children. Please consider how you may be involved.
